

ELECTRONIC PAYMENT PROCESSING

Newtek[®]
Merchant Solutions

Newtek's Electronic Payment Processing Program is a full service electronic payment processing organization with sales and service centers located throughout the United States.

NEWTEK'S ELECTRONIC PAYMENT PROCESSING Program enables merchants, including retail, mail-order and Internet businesses, to accept all major credit cards as well as debit and ATM cards for payment. Newtek Representatives can introduce you to a wide variety of valuable electronic payment solutions.

EVERY MERCHANT NEEDS TO ACCEPT ELECTRONIC PAYMENTS

It has been proven that customers spend more per transaction when they use credit cards. Every business today needs to be able to accept multiple forms of noncash payments.

WHY NEWTEK ELECTRONIC PAYMENT PROCESSING?

Newtek Electronic Payment Processing guarantees the highest quality service throughout your relationship with us. All technical support personnel are courteous, professional and will work to address any concern. Our sales representatives train you on how to efficiently operate our electronic payment systems and reduce fraud, as well as help you reconcile your deposits, understand your account statements, and answer questions about rates, fees, chargebacks and retrievals.

CUSTOMER PAYMENTS OPTIONS

Newtek can customize a program best suited to fit your specific business needs. You can choose from one or more of the following options:

» CREDIT & DEBIT CARD ACCEPTANCE

Accept MasterCard[®], Visa[®], American Express[®], Discover[®], PIN-based or signature-based debits cards. PCI and EMV secured systems are easy to install and operate. In addition, you can monitor your transactions with Internet reporting.

» POINT OF SALE SOLUTIONS

Newtek supports a wide variety of solutions that supports your electronic processing needs: EMV chip, NFC contactless processing (Google Wallet, Apple Pay, etc.), and point to point encryptions solutions.
